Hyatt Regency Atlanta
Atlanta, GA

May 17 – 21, 2026
Sheraton Denver Downtown Hotel, Denver, CO

One-Year Graduate Certificate Program in Aerospace Physiology

Case Western Reserve University School of Medicine, Department of Physiology & Biophysics, is launching a new Certificate in Aerospace Physiology program beginning in Fall 2023. The objective is to prepare students for career fields in Aerospace Physiology or to enhance the backgrounds of those who are already working in these fields so that they can be more effective.

This program also provides an excellent foundation for a future graduate degree in Aerospace Physiology. Program options include full-time, part-time, or on-line as well as in-person class attendance at our Cleveland, OH, campus. **The application deadline for the Fall 2023 semester is July 15.**

More information can be found online at: <https://physiology.case.edu/education/graduate-programs/cap-certificate/>

For questions, please contact Dr. Lisa Damato: egd@case.edu
